Navrang WPC Doors & Frames

A Legacy of Strength & Innovation Since 2004 Established in 2004 in Chelakulam, Ernakulam, Kerala, India, Navrang has been a trusted name in the door industry, renowned for its quality, durability, and innovation. With a strong brand image built over two decades, we specialize in delivering premium door solutions that blend aesthetics with functionality. Expanding our expertise, Navrang now offers WPC (Wood-Plastic Composite) Doors & Frames—a superior alternative to traditional wood. Combining the natural elegance of wood with the strength of plastic, our products provide a long-lasting, termite-proof, and weather-resistant solution for modern interiors.

Why Choose Navrang WPC?

Industry Expertise Since 2004 – A legacy of quality & trust

Durable & Weatherproof – Built to last in all conditions

Eco-Friendly Innovation – Sustainable alternative to wood

Modern Designs & Customization – Perfect for homes & offices

Key Benefits

Fast & Easy Installation – Saves time and effort

Compatible with Any Finish – Paint, laminate, or polish as per your preference

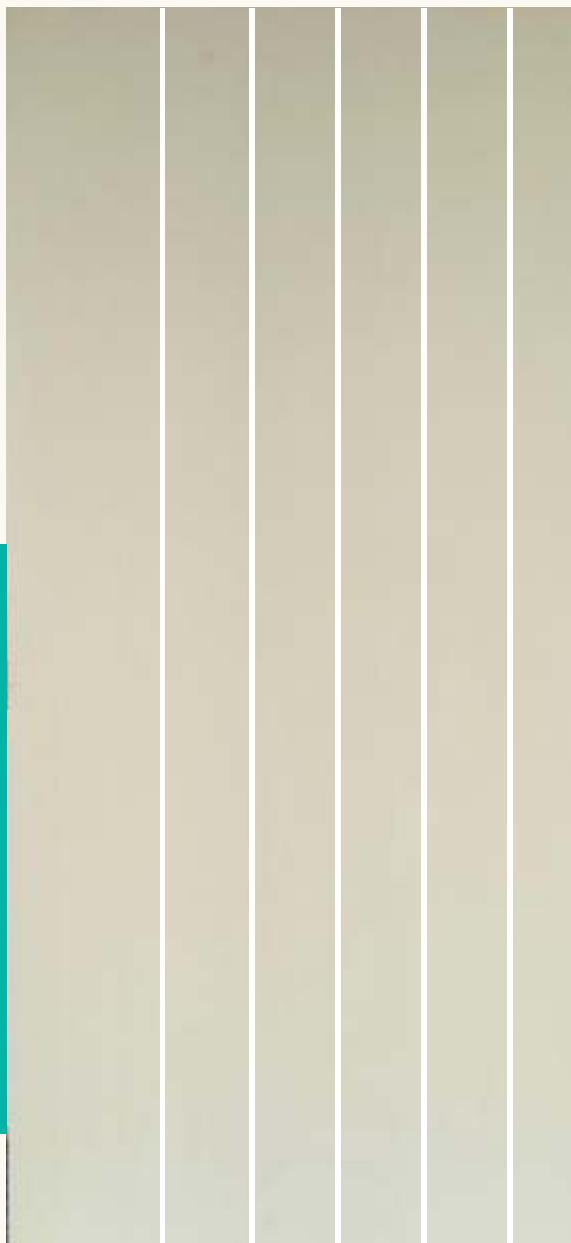

Long-Lasting & Low Maintenance – No fear of termites, moisture, or decay
